

The Bloomington-Normal Jaycees Present

Each year 35,000 Americans are diagnosed with Pancreatic Cancer, in which less than 5% of those survive past a year. Studies show that Pancreatic Cancer has the highest death rate of all cancers. WHY????? By the time Pancreatic Cancer is discovered, it is too late. How can this be changed? With early detection, awareness, and research for a better treatment.

You can help, by participating in the Bloomington-Normal Jaycees 5k Walk/Run for a Cure, where proceeds from this event will be donated to the Pancreatic Cancer Action Network (PanCAN).

**WHEN: April 19, 2009
1pm - ????**

**WHERE: White Oak Park Trail
Bloomington, IL**
